**Subject:** Scribe Conference Call Today

Mike,

I am happy to have a conference call today to go over Scribe with you and to discuss your needs with the data. Let's plan for 2:30 pm CST today. If you don't feel like you need a call, just let me know.

Call in number: (b) (6)

Conference Code: (b) (6)

Kristie

**Subject:** RE: Las Conchas Wildfires Data Review 11-07025 with Blank Corrections

From: Ortiz, Michael, NMEV  
 Sent: July 29, 2011  
 To: Warr (Kettler), Kristie, Weston Solutions

Hi Kristie,

Thank you for all your help. Since you have published the data to Scribe, where and how do I access the information. Enjoy your weekend.

Michael Ortiz, Chief  
 Radiation Control Bureau  
 NMED/EPD

**Subject:** Las Conchas Wildfires Data Review 11-07025 with Blank Corrections

Mike,

Attached are revised files for the above referenced data set. I am providing 4 files for this data set. (1) The revised validation memorandum includes a discussion on blank correcting the sample results. (2) A supplemental file in Excel format (referenced in the memo) that includes the Net Concentration and the Net Concentration Propagated Error values. (3) A revised version of the original lab EDD that includes all results and calculated values. (4) A copy of the chain of custody that corresponds to the data.

I have published this data to Scribe. I was not sure which result needed to be in Scribe. I entered three results – the original result as reported by the lab, the validated result (from the original submission) that is not blank corrected; and the blank corrected result. I also added the Net Concentration Propagated Error. If any of this information needs to be changed/added/removed, please let me know.

The complete laboratory deliverable (which includes all supporting documentation) is available upon request.

If you have any questions, please let me know.

Thanks,  
Kristie
